SHERMAN URGES BUSINESSMEN TO HELP WITH PEACH PICKING

To help offset the farm labor shortage and to demonstrate this community's interest in its rural residents, President Mares Sherman, of the Gettysburg Chamber of Commerce today called upon Gettysburg business establishments and their employes to volunteer for part time service as peach pickers in county orchards.

Working in cooperation with the Emergency Farm Labor office, Baltimore street, the local Chamber of Commerce is seeking to help supply men and women to assist county fruitmen in harvesting their crop of

All of the directors of the Chamber already have signed at the Chamber office as prospective peach pickers and have indicated the willingness of their employes to co-

"Instead of asking the stores to close for a day or two, the board decided that more would be accomplished by sending volunteer groups from the various establishments to the peach orchards at the peak of the picking season when the fruit must be moved promptly to market," Sherman said.

"Growers Need Help"

He suggested that employers and employes together work out a system whereby one or several employes would leave each store for a day or an afternoon, leaving a skeleton staff at the business establishment while the others gave the peach growers a helping hand.

"It will be my policy not to deduct from employes' pay for the time spent in the peach orchards and I hope other proprietors will follow the same plan," Mr. Sherman said.

"Let's all work together and help harvest the Adams county peach to show the fruit growers and farm-'lift' at the most critical time in mission. the farm year. same pair in Boston, the race was loper's U. S. parade, at that. one of the most thrilling as the flying Swede registered by two yards over Dodds with Hulse another three yards back. Dodds was clocked in 4:07.2 and Hulse in 4:08.2.

Dodds challenged the Swedish fireman on the final turn. In doing so he cut in so sharp that he shoved Haegg off the track for a few steps. Gunder quickly recovered, however, cutting loose with a spring that Dodds was unable to match.

"It didn't bother me any," said Haegg of the incident after showing how much he had improved in his knowledge of the English language by telling the crowd of the fine time the United States had showed him.

Just Folks

By Edgar A. Guest

NOSTALGIA 'Tis home that matters most of all

If but the facts be had. Where wait with welcome in hall The mother and the dad,

And if you doubt that this is so With strangers go to stay And look for gladness, high and low, A thousand miles away.

You may not, when they're always nigh, Full value as you should

The mother's cookies, cake and pie, Although you think them good, But absent be for long months through

Then, with some other aches, Will come a yearning deep to you For things your mother makes.

Oh, you may think the garden small And right perhaps you are. But you will magnify it all If you must dwell afar,

And every blossom there will be Remembered day by day If home in mem'ry you must see A thousand miles away.

Ask any lad who fights today, On land or sky or sea, If he could only have his way Where he would choose to be And he will say, when battles cease And done the need to roam. He only wants to be at peace

Victims include the highly publicized Norfolk Naval Training Station team, the Quantico Marines, the Indiantown Gap Military Post team, other service clubs and some minor league outfits. They have lost to the Washington Senators, the Philadelphia Phillies, Buffalo Bisons and the Homestead Grays.

All Pennsylvanians Two of those defeats the New Cumberland partisans shrug away lightly. The losses to Buffalo and Philadelphia were the first two games the team played, back in April, and the khaki-clad fans tell

you they shouldn't count anyway. It's the unsullied record against service teams that glows in the soldiers' minds but their cries go unanswered when they clamor for a series with the Great Lakes Naval Training Station to decide the all-

service title. Everyone connected with the New Cumberland squad, from Manager 'Jo-Jo" Lawler to Bat-boy Domenic Rebecca, hails from Pennsylvania. Among the standouts are Tommy Hughes, who pitched for the Phillies; Pat Mullin, outfielder for the De-

troit Tigers; and Lynn Myers, one

of the old Gas House gang from St.

The opinion was requested by Dr. Francis B. Haas, State Superintendent of Public Instruction, who asked effect the court's decision would have on the 1941 law which gives school workers' dependents the difference between employes' pay and that given any substitute up to a \$2,000 maximum.

Duff's opinion declared, however, that all other sections of the 1941 school employes law still are effective. Those provisions cover such subjects as contracts, increments, retirement, sabbatical leave credits and eligibility list protection.

BOOTLEG SUGAR

Philadelphia, Aug. 12 (AP)-Agents of the Office of Price Administration and other federal agencies were disclosed today to have seized thousands of ration stamps in a series of south Philadelphia grocery store raids described by U. S. Attorney Gerald A. Gleeson as the first step toward breaking up "one of the largest bootleg sugar rings in the country.'

Myron H. Caffey, chief enforcement officer in the Philadelphia OPA office, said it was not yet known whether the stamps seized were counterfeit, but that 5,000 or more bogus stamps with which hundreds of thousands of pounds of sugar had been purchased previously were turned into the OPA.

Another OPA spokesman said the federal alcohol tax unit was investigating the possibility that large quantities of sugar was being diverted to a bootleg liquor ring through purchases with counterfeit stamps

The spokesman said the counterfeits were "reasonably good copies of stamp No. 12 from war ration book 1." He added that counterfeit No. 13 stamps had been reported in circulation after the No. 12 stamps became invalid for deposit in ration banks July 1.

Letter to the Editor

I have been in the Army six months and I thought it was soon time for me to write a few lines to my good old home paper, the one that made Gettysburg famous. I carried the Times when I was a boy of sixteen but now I'm carrying out a greater job that must be done also. I was home on a furlough from July 15 until the 25, and sure did enjoy paying the Times employes a visit. How I remember when Christmas came and my customers gave me candy, oranges and money!

I'm enjoying the Army, even though we have a great task before us, but I know we can do it. If the people back home can give us the equipment we will have peace in

I have a few of my buddies from Gettysburg here with me at camp. Cpl. Fred H. Taylor drives a big 12ton tractor. I'm a truck driver also.
